

ASTHMA TEMPLATE

education for health

In developed countries over 50% of patients with asthma have allergic rhinitis.

(J Asthma 2006 Jan-Feb;43(1):1-7. Review. Gaugris et. al. 2006)

ARIA guidelines recommend that patients with asthma should be appropriately evaluated for rhinitis.
(ARIA At-A-Glance Pocket Reference, 2007)

Download a FREE computer template to help you detect which of your patients have this co-morbidity and update relevant patient READ codes.

www.asthmatemplate.com

Download a FREE template produced by Dr D Shepherd of a Leicestershire Primary Care Audit Group supporting asthma review using the 6-point Asthma and Allergic Rhinitis Status Measure developed by GPIAG and Allergy UK.

The templates are available for the following systems:
EMIS LV, Vision, EMIS PCS

MSD

Merck Sharp & Dohme Limited
Hertford Road, Hoddesdon, Hertfordshire EN11

Produced and distributed by MSD as a service to medicine. MSD has also provided a grant to Education for Health to support assessment of the template.
