accuRx FeNO template guidance

accuRx have created a FeNO template to send to patients prior to their appointment (via text message) which includes links to a patient leaflet and video. SystmOne and Emis users can access as follows:

SystmOne/Emis

1. **Go to accuRx messaging button**
2. **Type FeNO into the search bar**
3. **Find and click on "FeNO test"**
4. **The message is ready to send to the patient**

Dear Golden,

The FeNO breath test is used to help in the diagnosis and management of asthma.

Please note that smoking and the eating of leafy, green vegetables may affect the test results so please refrain for 3 hours prior to your test.

You can learn more by reading the leaflet or watching the video below
